HARDING AND COOLIDGE
NOMINATED

It took ten ballots to sustain
the fight for the Presidential
nomination of the Republican
Party of Ohio. Last week,
Senator Harding, of Ohio, was
nominated for president and
Governor Coolidge, of Mass.,
for Vice-President. The Senate
clique ruled the convention and
chairs are made that Senators
Johnson and Borah held up the
regulars in true Western style.

The Democrats are said to
have chosen the ticket can
be defeated at the polls in No-
vember without the aid of a
Republican split.

Now let the Democrats strike

out to California, pronounce a

platform of Democracy pre-
serving American institutions

and personal liberties of the

people.

We can remember seeing wheat harvest
begin as early as the 10th of June, but the
season is late this year and the harvest will
not be in until the middle of July.

We are enjoying lump apples cooked fresh

every morning for breakfast.

We have ten pounds of sugar, a plenty of golden

pears, and a fine supply of eggs.

One of the best remedies to get corn and

money, so that he could keep on

plowing the crop and go home.

A lot of men have had their corn, and in fact anything on the farm for labor;

but when they come with the money, it is

with me like it is with them—it has little

attraction.

Attracted by the high prices valentines

and calling for a few weeks ago, and per-

haps paid them off in full, and now prices

have decided that it does not

pay to ship them. I paid \$45 expenses on

the last vest I shipped in, but if they

are not released freight the charges

are only 65 cents.

Prof. Henry Grosscole and his wife leave

this week to be about a month in Europe.

They are going to see the country, and

now prices have decided that it does not

pay to ship them. I paid \$45 expenses on

the last vest I shipped in, but if they

are not released freight the charges

are only 65 cents.

By agreement of the parties concerned,

the case is now in the hands of a

controversy is sold and the money is to be de-

posited in bank until the case is decided in

court.

My neighbors laugh at me for only raising

wheat every other year. But it is so difficult

to get harvest help and to get wheat threshed

in time to get the four out and

get new flour for it.

I hear that a price of 45 cents is being

asked for wheat crop.

See W. W. Haskins if you want the best

butcher cow you ever had.

Get around and work tobacco and make

it pay. It is the way of destructive worms.

Miss Louise Harry, of Albemarle county,

is visiting her schoolmate, Miss Evelyn Gar-

nett. Miss Wood expects to teach again

in the high school here next session.

Mr. W. W. Haskins has come for a visit to

his mother and sister here, where he

can be near a physician.

Rev. John Rogers has been staying at his

old home here.

John H. Homan, a Buckingham boy,

graduated at Hampden Sidney College, get-

ting his B. A. degree. Mr. Homan is a

grandson of the late R. T. Hubbard and is a

graduate of the State Normal School.

The Building Material People

bright young man

Your correspondent has 50 acres of land to

trade for a new Ford car.

Everyone seems to be putting in a lot of

work this time for selling for Sabbath

day. Most people are planting them

with a corn planter instead of sowing them

with a hand sower, which is considerably lower in price

than they were last year.
